EDUCATION

Columbia Institute of Engineering and Technology Raipur
BE. / Computer Science and Engineering
2018 - 2022 (expected |　**CGPA* : 8.5**

2018 CGBSE XII – 82%
2016 CGBSE X – 81.33%

SOME PROJECTS

FriendZone(Facebook-Clone)

Technology:　ReactJs, NodeJs,MongoDB,ExpressJs, Toolkit,SocketI

About:　This web app is structured to handle multiple request-response cycle of APIs. This project includes the creation of users, login, createPost, themes, user account and also handles a real-time notification and messanger app where each user can like and comment on post and send friend requests and messages. users will not be able to see post and messages without being friends

E-Commerce

Technology:　ReactJs, CSS, NodeJs, RestAPI,Redux Toolkit,JWT,FireBase Git/GitHub

About:　This web app is structured to handle multiple request-response cycle of APIs This project includes login,signUp,and you can order multiple products and search product with category wise and we also include payment system and user Dashboard to show all customer details
　—

Pathfinder & Algorithm Visualizer

Technology:　ReactJs, CSS, NodeJs, Material-Ui, Git/GitHub

About:　I'va done a fun project on visualizing path finding algorithm i.e BFS,DFS,Dikstra's as well as Sorting algorithm,we providing **14** algorithm like MegeSort QuickS Sort Selection Sort etc and also providing compare between two algoritm and also done Binary Search , N-Queen Problem,Prime Number and Convex Hull.

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENT

- 380+ Problem solved at GeeksForGeeks
- 200+ Problem solved at Leetcode
- 3 star at Codechef
- Participate in Round 1A of Global Compition SnackDown 2021
- Ranked 148 among 5000+ pariticipants in September Long Challeng -2021 on CodeChef.

COURSEWORK

- DATA Structure and Algorithm
- Object-Oriented Programming
- Operating System
- Database Management System

MY PROFILES

- GeeksForGeeks Visit
- LeetCode Visit
- CodeChef Visit
- Linkedin Visit
- Github Visit

STRENGTHS & SKILLS

Languages　:
C++ (Intermediate)
C (basic)
java(Medium)
HTML (Intermediate)
JavaScript (Medium)

Tools & Technology　:
NodeJs Expressjs
Reactjs Redux-toolkit
Firebase Botstrap
CSS Material UI
React Native,Rest API
Git/Github
Databas
MongoDb MySql

OTHERS PROJECT

1. QR Code Generator (html+css+js)
2. Covid19 Website(html+css+js)
3. Tudo List(html+css+js)
4. Random Color Generator(react native+css)
5. ChatApp(nodejs+socket io)
6. Typing Master(html+css+js)
Above project　　　inGithub

SOFT SKILL & HOBBIES

- Ability to work with a team
- Creative Thinking & well Dedicated
- Listening Music, Watching Sports ,Drawing
- Time Management
- Communicat onSkills and Active listening
